PROFESSIONAL SUMMARY

Results-driven IT Infrastructure, Microsoft 365 and End-User Support Professional with over 10 years of experience across energy, banking, healthcare and telecommunications sectors. Expertise in Microsoft 365, Intune, Entra ID, Active Directory, network administration, cybersecurity, service desk management, endpoint support, IT asset management, disaster recovery and ERP implementation. Proven success delivering secure, highly available IT environments, supporting business-critical systems, and leading digital transformation initiatives.

CORE TECHNICAL COMPETENCIES

- Microsoft 365 Administration (Exchange Online, SharePoint Online, OneDrive, Microsoft Teams)
- Microsoft Intune (Endpoint Management, Device Enrollment, Application Deployment, Compliance Policies)
- Microsoft Entra ID (Identity & Access Management, Conditional Access, MFA, SSO)
- Microsoft Purview (Information Protection, Data Governance, Compliance & DLP)
- Active Directory & Group Policy Administration
- Windows Server & Windows Desktop Administration
- Network Administration (LAN/WAN, TCP/IP, DNS, DHCP, VPN)
- Service Desk & Incident Management
- Hardware, Software & End-User Support
- Sophos Firewall Administration & Endpoint Security
- Backup, Disaster Recovery & Business Continuity

- IT Asset Management, Vendor Management & Procurement
 - ERP Systems (Odoo ERP, SAP ERP, Compass HRM)
 - IT Governance, Documentation & Compliance
-

KEY ACHIEVEMENTS

- Led Microsoft 365 tenant-to-tenant migration for over 380 users with minimal downtime and no major business disruption.
 - Built secure and scalable IT infrastructure from the ground up for a new energy organization.
 - Successfully implemented Odoo ERP including configuration, migration, testing, training and post-go-live support.
 - Implemented forecourt automation systems across fuel stations improving operational efficiency and transaction accuracy.
 - Managed enterprise environments supporting hundreds of users and mission-critical operations
-

TECHNICAL ENVIRONMENT

Microsoft 365 | Intune | Entra ID | Purview | Active Directory | Exchange Online |
SharePoint Online | Teams | OneDrive | Windows Server | Windows 10/11 | Sophos
Firewall | TCP/IP | DNS | DHCP | VPN | Odoo ERP | SAP ERP | Compass HRM

PROFESSIONAL EXPERIENCE

Trinity Energy Ltd – IT Officer | Dec 2022 – Present

- Designed, deployed and maintained enterprise IT infrastructure including networks, servers, telecommunications and end-user environments.
- Led Microsoft 365 migration project involving more than 380 users while ensuring business continuity and minimal downtime.
- Administer Microsoft 365 services including Exchange Online, Teams, SharePoint Online and OneDrive.

- Monitored service performance, prioritized incidents, collaborated with vendors and internal teams, and ensured timely resolution of support requests in line with agreed service levels, contributing to high system availability and business continuity.
- Manage Microsoft Entra ID including user lifecycle management, Conditional Access policies, MFA and identity security.
- Administer Microsoft Intune for endpoint enrollment, device compliance, application deployment and security policy enforcement.
- Support Microsoft Purview compliance initiatives including information protection, data governance and security controls.
- Provide Level 1 and Level 2 technical support for hardware, software, network and Microsoft 365-related issues.
- Implement cybersecurity controls including firewall administration, endpoint protection and disaster recovery frameworks.
- Manage ICT assets, procurement, vendor relationships, software licensing and lifecycle management.

Attitude Dynamics (Rubis Energy Kenya Contract) – IT Support Engineer | Sept 2021 – Nov 2022

- Administered Microsoft 365, Active Directory and client-server environments.
- Managed service desk operations and resolved user incidents within SLA timelines.
- Installed, configured and maintained desktops, laptops, printers and productivity software.
- Managed backup scheduling, monitoring, restoration testing and system availability.
- Conducted end-user training and provided technical support.

Guaranty Trust Bank – ICT Officer | Mar 2019 – Mar 2020

- Supported ICT infrastructure across 8 branches and headquarters.
- Administered Active Directory, Microsoft 365 and Avaya VoIP systems.

- Managed over 1,000 ICT assets and coordinated ISP providers.
- Implemented endpoint security, patch management and vulnerability remediation.

MyISP – IT Support / Telecommunications Support Engineer | Nov 2015 – Jul 2017

- Provided Level 1 technical support for internet connectivity, customer premises equipment and network services.
- Installed, configured and troubleshooted routers, wireless access points, switches and telecommunications equipment.
- Supported radio and wireless communication infrastructure, including basic configuration and fault diagnosis.
- Monitored network performance, escalated outages and coordinated restoration with senior engineers.
- Configured customer internet links and resolved connectivity, DNS and email issues.
- Maintained documentation of installations, assets and support activities.
- Delivered user training and excellent customer support while meeting SLA targets.

EDUCATION

Bachelor of Business and Information Technology (BBIT) – St. Paul's University
